

## Observation

What did you actually see or hear?

What would a video camera film?

What facts can you agree on?

**Tip: "It's not about being right."**

### Task 1

In the table you will find different statements.

Decide whether it is an observation or an evaluation.

### Task 2

If it is an evaluation, write down what the observation could be (see example).

	Statement	What I hear, see, perceive..
1.	Maria is a genius at maths!  <i>evaluation</i>	<i>Maria has calculated all the tasks correctly this week.</i>
2.	The new teacher is great!

3.	Today Mrs Müller arrived 10 minutes to late for the lesson.	
4.	David is a bad student!	
5.	Caution! The traffic light is orange!	
6.	You never have time for me!
